### Course description

Qualification Bachelor of Business Administration

Field of study Health care, social services and care services

Course summary International Facility Management is a four year programme that teaches you how to make the living and working conditions for guests, customers and employees as pleasant and safe as possible.

Course description After graduating from International Facility Management, you will be able to find a job at management level that involves providing services. This means that you will be in an important position with service management as your core activity. You may work, for example, for a hotel, catering service, cleaning agency or security company. But also think of service-related departments such as the food supply department of a hospital or the housing department of a local council.

Study subjects People-oriented work is important in terms of your career as well as during your education at our school. Therefore, students have their own study coach who helps them to develop a personal study plan. Students can choose their own international path. Our school allows you to decide which subject area you want to study and which sector you would like to work in. You can choose your own personal route during the programme, after you have experienced exactly what IFM has to offer you.
