Water and Environmental Policy Analysis

IHE Delft Institute for Water Education

Certificate / Diploma Short course Delft

[Send by email](#) [Save page as PDF](#)

Course description

Qualification Certificate

Field of study Agriculture and environment

Course summary The aim of the course is to make the participants familiar with various key aspects of environmental policy making, including its position in the context of policy for sustainable development.

Course description Proper environmental policy is a prerequisite of sustainable development. Participants learn to apply modern concepts of policy making including public participation and network management empowering them to contribute to building a conducive environment for socio-economic development.

Study subjects Water Policy and the Policy Cycle, Policy Planning and Design-Tool and Methods, International Processes, Network Management, Negotiation and Mediation.

Course objectives Upon completion of the course, participants will be able to understand the process of policy making, identify the drivers and conflicting interest of stakeholders, apply basic tools and techniques to the planning and design of water and environmental policies, and draw on the basic philosophy of team role management in negotiation processes.

ECTS credits 5.00

Duration 3 week(s)
full-time

Language of instruction English

Instruction modes case study, excursion, individual assignment, lecture, oral presentation

About the institution

Department IHE Delft

Information about the institution

IHE Delft Institute for Water Education is the largest international graduate water education facility in the world and the only institution in the UN system to confer accredited MSc degrees and promote PhDs. It offers degree programmes, short courses, online courses and tailor-made training. Since 1957 the Institute has provided graduate education to more than 15,000 water professionals from over 160 countries. More than 175 PhD candidates were promoted. IHE Delft is at the centre of a vast international network of water related institutions, and functions as an interface between knowledge networks and centres, public and private sector organizations, scientific and professional associations and other members of the international water community. The Institute runs a substantial number of joint MSc programmes implemented in partnership with universities around the globe. These joint programmes combine the strengths of the collaborating institutions and deliver either multiple degrees or a joint degree.

3 week(s)
full-time

Application deadlines

Start date	EU/EEA Students	Non-EU/EEA students
30 Mar 2020	28 Feb 2020	28 Feb 2020

Year	EU/EEA	Non-EU/EEA	Institutional
2019 (FT)	€ 2910	€ 2910	n.a.

In short, the following rules apply:

- The "EU/EEA rate" is the regular fee for students from within the EU/EEA.
- The "non-EU/EEA rate" is the rate for students from outside the EU/EEA.

- Tuition fees
- The "institutional rate" is for all students who have already obtained a bachelor's or master's degree and who want to start a second programme leading to a degree at the same level or at a lower level.
 - Note that FT, PT and D stand for "full-time", "part-time" and "dual", respectively.

Make sure you contact your institution to find out what rate applies to you. The rates listed here are estimates.
