Course description

Qualification Certificate

Field of study Humanities, social sciences, communication and arts

Course summary Six-month certified programme with overall programme purpose to reposition training for gender equality as strategy to challenge and engender mainstream development and support the achievement of SDGs

Course description Using a combination of lectures, guest presentations and practical activities and assignments, the programme strengthens trainers' capacities in three inter-related domains: conceptual depth and clarity, feminist practices and trainign skills and methods. The programme employs blended design including face-to-face workshops, virtual seminars as well as mentoring and networking and works in a co-creation process with experienced gender trainers from both the global south and north.

Study subjects 1. face-to-face workshops (two week long workshops held in Amsterdam, the Netherlands). These include lectures, guest presentations and practical activities and assignments to strenghten trainers' capacities. 2. virtual seminars 3. Online and face-to-face mentoring and networking

Participants will: 1) Have sharpened their training skills and knowledge of gender and development concepts as a gender equality trainer, 2) Be able to better employ learning and

Course

objectives	knowledge strategies, 3) Be able to re-claim training for gender equality as a political feminist process, 4) Have renewed energy as a gender equality trainer and commitment to gender training as a transformatory process.

About the institution

Department KIT Gender, UNW Training Centre

Information about the institution
 KIT is a not-for-profit knowledge and expertise organisation for international and intercultural cooperation. Through master programmes, short courses and institutional support, KIT equips health professionals to be leaders in addressing public health challenges around the world. KIT has offered training programs on international public health since 1963. Currently this includes two International Masters Programs and a wide range of short courses and online courses. The courses respond to current global developments in the health field. KIT's courses are known for their practical applicability, the multidisciplinary approach and the interactive, participatory training methods. Courses at KIT are followed by health professionals from all over the world. KIT's Masters courses are given in cooperation with the Vrije Universiteit Amsterdam (VU) and are accredited the Dutch Flemish Accreditation Organisation (NVAO). In addition advanced courses are all accredited by TropEd, an international network of institutions for higher education in international health.
