Course description

Qualification Master of Arts/Bachelor of Science

Field of study Economics, commerce, management and accounting

Course summary Are you interested in an international career in or involving China? Study in Shanghai after your FEB Master and gain first-hand knowledge and experience of China and the economy, language and culture

Course description If you wish to embark on a career as a global economist or business consultant, you will need to have knowledge of the economic and monetary policies and political economics of leading nations and to be able to recognise trends in the world economy. This double degree master is structured in two parts. During year one, you will study either the MSc Accountancy & Controlling, MSc Econometrics Operations Research and Actuarial Studies, MSc Economic Development and Globalization (formerly known as MSc International Economics and Business), MSc Economics, MSc Finance, MSc International Business and Management, MSc International Financial Management or MSc Marketing programme in Groningen. Year two is spent at Fudan University in Shanghai where you study themes relating to the economic and business strategies, theories and practices of China. The core content of the programme reflects the increasing globalisation and evolution taking place within organisations and in the field of global economics. You can also attend a major international series of cutting-edge business and finance lectures. This is a unique opportunity to gain a global perspective on world economics and graduate with two
