Course description

Qualification Master of Science

Field of study Economics, commerce, management and accounting

Course summary English-language programme that trains students to become researchers & academics within the of business. Focused on research & analytical skills, the programme has four specialisations.

Course description Do you want to pursue an academic career, or to specialise in research within business? A two-year research master's programme in Business Research gives you the tools to do either. You'll learn analytical skills that are relevant to the business subject areas that you choose to focus on - you can tailor the programme to your own interests. Plus, you'll learn the research methodologies and academic skills to take you to the top of your research career. Taught in English, the programme has four specialisations: * Accountancy and Information Management * Organisation and Strategy * Marketing and Supply Chain Management

In short, the following rules apply:

Tuition fees

- The "EU/EEA rate" is the regular fee for students from within the EU/EEA.
- The "non-EU/EEA rate" is the rate for students from outside the EU/EEA.
- The "institutional rate" is for all students who have already obtained a bachelor's or master's degree and who want to start a second programme leading to a degree at the same level or at a lower level.
- Note that FT, PT and D stand for "full-time", "part-time" and "dual", respectively.

Make sure you contact your institution to find out what rate applies to you. The rates listed here are estimates.
